Strategic Community Infrastructure Priorities
for the RURAL EAST

August 2019

This document is an extract from the ‘Strategic Community Infrastructure Priorities for Moorabool Shire’ report. It summarises the recommendations and projects of relevance to communities within the RURAL EAST area of the Shire.

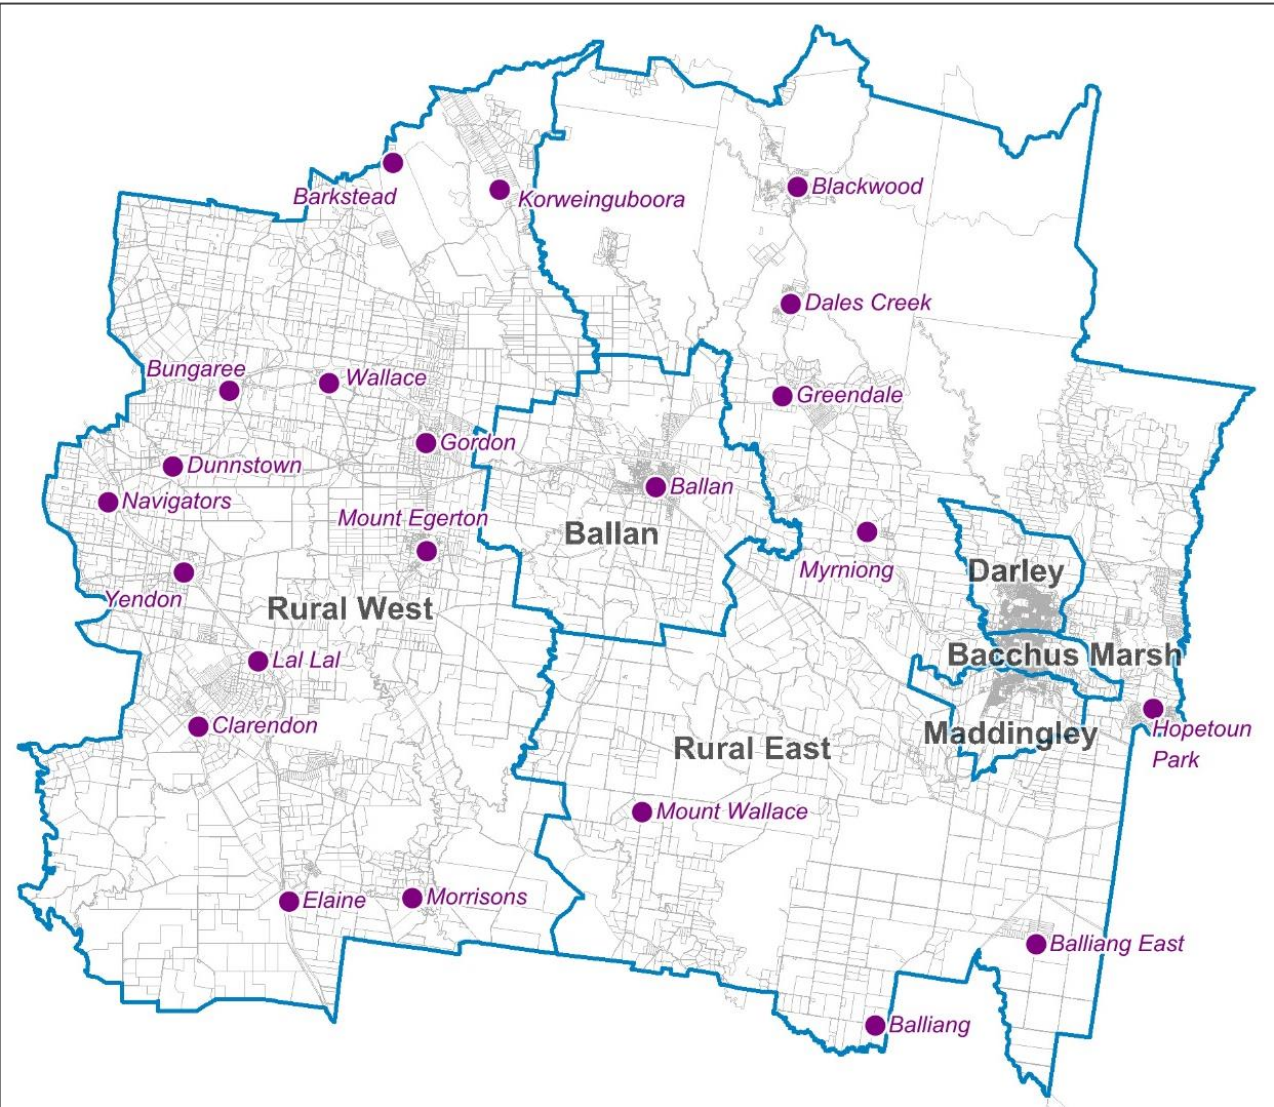

For information about community infrastructure priorities in other parts of Moorabool Shire, please refer to Council’s website.

A report from the Moorabool Community Infrastructure Framework

This document identifies the highest priority community infrastructure projects for Moorabool Shire now and up to the year 2041, based on current population forecasts. When Council’s forecasts are updated, or other data and assumptions change significantly, the needs analyses, findings and recommendations will need to be reviewed and the priorities re-set if required.

Each project responds to community needs identified through the *Community Infrastructure Needs Analysis Findings and Recommendations* report (August 2019) and the various analyses of community need conducted between March 2018 and April 2019.

For more information about the Community Infrastructure Framework and the assessments used to inform this report, please refer to the Moorabool Community Infrastructure Planning Policy and Community Infrastructure Planning Process on Council’s website.

The name ‘Bacchus Marsh and Surrounds’ refers collectively to the urban areas of Darley, Bacchus Marsh and Maddingley.

How to read the tables of priorities

Read down these columns to see which location each recommendation applies to (refer to map on preceding page)

KEY:

recommendation most directly benefits this location or locations

recommendation also benefits this location

For background, evidence and rationale for each recommendation, refer to the *Community Infrastructure Needs Analysis Findings and Recommendations* report (August 2019) for each of the service / facility types listed here.

LOCATION						SERVICE AREA					Service / facility type(s)	Recommendation	Commence planning	Deliver by	Current Status
Ballan	Rural West	Rural East	Darley	Bacchus Marsh	Maddingley	Aged & Disability	Community spaces & libraries	Children & young people	Early years	Sport & recreation					
	✓	✓									.				

Read down these columns to see which service areas each recommendation applies to.

KEY:

recommended project meets identified needs for this service area

Recommendations are grouped by:

- Short term (3 years); 2019 to 2022
- Medium term (3 to 10 years); 2023 to 2029
- Long term (beyond 10 years); 2030 to 2041

For each recommendation, indicative years for 'commence planning' and 'deliver by' are provided. Other than the above groupings and indicative years for planning and delivery, the order that recommendations appear in the tables is not an indication of the relative priority of recommendations.

CIP = 'Capital Improvement Program'

Short term priorities (3 years): to be addressed between 2019 and 2022

		✓									<ul style="list-style-type: none"> Sports grounds 	Closely monitor the condition and playability of the surfaces at Darley Park, Maddingley Park and Masons Lane. If there has been any further deterioration of the playing surfaces, commission full soil profile investigations to determine the best treatment and map the layout of irrigation.	2019	<i>As required</i>	Monitoring through Open Space Maintenance Management Plan.
	✓	✓									<ul style="list-style-type: none"> Sports grounds Multipurpose community rooms & venues Sports pavilions 	Identify and acquire land for the future provision of 1 dual-use football/cricket oval or dual soccer pitch sports ground (& associated pavilion / community facility) within the new development areas of Ballan, potentially 'Precinct 5' as per <i>Ballan Strategic Directions</i> (2018). <i>Refer also to long-term recommendation for the possible provision of a new oval / pitches in Ballan once winter utilisation of the Ballan Recreation Reserve exceeds 90%.</i>	2019	<i>As required</i>	To be progressed through Ballan Strategic Directions.
		✓	✓		✓						<ul style="list-style-type: none"> Multipurpose community rooms & venues 	Carry out upgrade works to Bacchus Marsh Public Hall and Supper Room to address the issues identified by the Suitability Assessment: <ul style="list-style-type: none"> Gravel car park between hall and RSL to be resurfaced as presents a trip/fall hazard, especially to the many elderly users. Resurfacing should also consider means to create disabled parking bays against hall/RSL and loading bay for Public Hall stage. Street frontage would benefit from reconfiguration to improve appearance, increase entrance width, remove seating in alcove, replace rotting woodwork and create DDA-compliant access. New steps to stage and hearing loop required in main hall. Foyer often reported by users as being too small. Opportunity may exist to remodel the foyer to create a bookable 3rd room, while also addressing appearance and DDA issues. Lack of storage for chairs and tables is an important issue to be remedied to improve hall usability. Limited wheelchair access to front entrance: partially non DDA-compliant slope; manual entrance door opens outwards making entry difficult. Stage accessible by steps only. Only 1 disabled car parking space on Main Street to service Hall, library and RSL (possible option to create new spaces between Hall and RSL). 	2019	2022	New, no status. To be considered through a Concept Plan / Master Plan for the site of the former Shire Council offices, Main Street Bacchus Marsh.
